

Poland Clown

Ministry in 2007 included training and outfitting teams of church clowns for use in outreach and ministry in Russia, Latvia, Poland and Mexico. This is a significant increase since we've started in 2002.

Hope

Mosaic 21 (Croatia)

Our mission is to establish a *Mosaic21* facility and offer programs that meet the physical, emotional, and spiritual needs of individuals, families and the entire community of Zagreb. This year we held an inter-denominational conference for pastors in former Yugoslavia with a great turnout of nearly 100 pastors.

Love

Mysterious Love by Caterine

This year was another year of growth and exciting development for Global Horizons, Inc. With God's grace and your generous support, we are now supporting 46 projects in 18 countries! There is no way for us to share all the fruits we'd seen through the projects, but hopefully this letter will give you a glimpse of what we are doing.

Grace

Initiatives International

We sent 438 short-term mission team volunteers and three women who are serving in Chihuahua, Mexico for one year. Through them and your generous giving, nearly \$90,000 was contributed directly to the local ministries. We continue to send teams to Mexico, Guatemala and the Philippines. But our ministry partners are waiting for teams in: Nigeria, Swaziland, Poland and the Dominican Republic.

Becca, Emily and Sarah

Dia Vivo (Dominican Republic)

40 children attended art classes for the first time in the new school building that we were able to pay off this year. We operated for 3 months in 2007 and hope to expand the program to an 8 month program by 2009.

All art work on this page by Dia vivo students.

Ghana Women's Ministry and Good News Theological College and Seminary

Esther Manyeyo Annor Tawiah continues to teach Old and New Testament at the seminary and has attended various church functions across the country as a guest speaker. She is currently preparing to start another ministry to reach women in indigenous churches, many of them illiterate and in need of both spiritual and financial support.

Mission to Minnesota

Tedi Anne Hasapopoulos continues to facilitate home churches and gatherings to bring Minnesotans to Christ, or to reconnect them with God. Summer family camp was held to appreciate God's creation and to help teens understand their relationship with Him.

Grace Community Development (Nigeria)

Silas Dauji heads this agricultural development project. in Northern Nigeria.

In 2007 they have drilled 7 new wells and 24 farmers were able to receive assistance in plowing their field. Also nearly 1,500 people were able to receive medical assistance through the medical team visits.

Ekklesia Good News Ministry To The Poor (Ethiopia)

The vision is to create a development center where the poor can come to receive vocational training as well as spiritual guidance. It would also provide education for children and have a clinic. Produce from the center will be sold outside so it can generate funds for the center. The goal is to have it established by the mid 2009.

✠ *From the Office...* ✠

Happy New Year!

We truly appreciate your prayer and support throughout the year 2007. Although we have not been the best communicators you have been faithful in your giving and the Lord continues to show us His grace. This means that there is more work for us at the office and we have added two part time staff to support the day to day task.

We are also undergoing reorganization in order to be more efficient as we hope GHI will continue to be a vehicle for many projects to flourish and reach many people's lives.

We are launching the Global Horizon Institute which is an initiative in the area of racial reconciliation to provide training in this country and beyond. This project will be lead by Dr. Mark Harden.

We ask for your continuing prayer and financial support in 2008.

We will do our best to communicate all that is going on. Feel free to contact us so you can have a better grasp of the projects you are interested in.

With prayers,
GHI staff
