

Thank you for your encouragement for us to share God's love through our work.

The ministry is going well. I don't travel much because of limited funds, but ministry around where I live is great. I have been invited more than twice to teach their women fellowship. Their meeting is on Tuesdays.

Another new group, Grace House Fellowship Women, have invited me to speak to them on Tuesday March 6th. This day is a public holiday for Ghana's independence. I will honor the invitation. I am speaking at the Presbyterian Church, at Ayikuma., It is one of the evening services for lent.

Rev. Gabriel Boateng, is working hard in Techiman. His church is promoting him to the position of a Bishop on Sunday March 18th. Let's all pray that this new level in his service to the Lord will be filled with wisdom.

Prophetess Theresa came to visit on Tuesday and we had a great discussion on the Women's Ministry. Her group is doing fine but there are some needs that will need to take care off when we are able to raise money into our accounts.

Evangelist Joseph is also working hard in the North, especially Bolgatanga, and occasionally in Kumasi. The ministry has needs but we are praying for our God to provide by touching the hearts of our donors so that the ministry can take care of the many needs we receive.

Thanks and blessings,

Esther Tawiah. Project Coordinator.
