Adulam Children’s Home Back to School: Help Needed!

Life at the Children’s Home, 1 ½ Years After Opening

When the first four kids came to stay at the Children’s Home in the spring of 2016, we never imagined that this fall we would be housing 13 children with our hands busy constructing a second floor addition. The expansion will eventually allow us to house 26 children at the home, as we grow in staff and funding. This is where you come in! Please see our back to school needs to the right.

Ways to Give

- Online: [www.globalhz.org](http://www.globalhz.org) - Click on “Give Now” and choose Adulam Ministries from the list.
- By Mail: Send check payable to Global Horizons Inc. and write Adulam Ministries in the memo line. Address: Global Horizons Inc.

Back to School Needs

Public school in Mexico is quite different than in the United States. Parents and caretakers are responsible for transporting children to school, which means we must drive the kids from the home to three different school buildings each day. (One child attends a school for children with special needs.) Additionally, we are responsible for paying monthly fees for cleaning classrooms, propane for heaters in the winter, and other costs for general upkeep of the school buildings.

Would you be willing to support a child’s education with a $5, $10, or $20 monthly donation? If you are not able to support us in this way right now, we greatly appreciate your continued prayer support. We would also love it if you would pass this letter along to family or friends who might be interested in providing financially for an Adulam child’s education.
