

July 2017
Global Clown Ministry

Pictorially, here is a batch of pictures from the clown team in Talsi, Latvia.

The museum has been visited by virtually every elementary child in the city and it offers the opportunity to present the gospel with clown skits.

Clown Museum in Talsi Latvia

I sent them 90% of what is displayed in the museum and it has turned out to be an excellent ministry.

Clown Museum in Talsi Latvia

The clowns on the team come from a variety of denominations and the ministry and the Christ centered skits speak to some of the clowns from the area.

Rain or shine, clowns must perform.

The clowns also perform at city functions in the region, so their ministry extends to a 75 mile radius around Talsi.

Two clowns from Poland are with us now. They are working with a former Ringling Clown and I will also spend a couple days with them training and teaching more things.

Thank you for your key work in the ministry to thousands of people every day. Without your dedication a lot less would be accomplished.

Be well
Sid and Karen Teske
