

7/10/17

Praise God and thank you for supporting Winter, the Daughter to the late Apollo. I went to visit her on Saturday and she was fine. I told her the support is from you and she said may God bless you.

I took this photo during the time I visited her.

God bless you.

Thank you,
Eunice
UORDP Sponsorship Coordinator

*Apollo Jaramogi started UORDP to support orphans in Uganda. Many children have been able to attend school and improve their quality of life through UORDP's programs.

Following Apollo's passing, Winter's mother was unable to afford school fees for their daughter Winter and so she was not going to school. With support from donors, Winter has been able to return to school!
