

**Youngsters for Christ team (Y.C.T) ABOUT THE CHILDREN (testimonies).**

**Bruce.** I am an eleven year old pupil at Kibera Primary School in class five. I come from a family of five, parents and two siblings where my father is the bread winner. When I grow up I would love to be a Bank Manager. I have been attending vocational Bible School and Art lessons at Y.C.T where I have learned very many new great things about drawing and also about JESUS. I would love V.B.S to continue and the teachers to keep coming to our home, bring us nice things and that we go out for more educational trips. When I grow up I also want to teach other children about GOD.

**Juliana Juma:** I am a twelve year old girl in Kibera Primary in class seven and come from a family of six of both parents and four siblings. My father is the bread winner. I have been attending V.B.S at Y.C.T for two years now together with my younger sister and we are very happy about it. We would love V.B.S to have a big library so that we can read many books and expand our knowledge. I love V.B.S and the teachings we get from there. God bless all the teachers and Y.C.T
