## Child Assistance Program

Currently our school population is 202. Out of this number MHM assists 26 students from internally generated funds (IGF) with feeding and school fees. Each month MHM spend GHS 1,200.00 (USD 270) aside teaching and learning materials in assistance.

The challenge we face is parents/guardians of about 100 students owe school fees as well as feeding fees amounting over GHS 3,000.00 (USD 670) this term alone.

Sending the children home for the fees does not help either. That even defeats our goal of

bringing quality education to the doorstep of the rural child. Some do not go home but loiter around because parents/guardians may not be at home.

School closes at the end of the month and we may not have enough money to pay their salaries. Total fees (both tuition and feeding) is GHS 3.50 (USD 0.78) a day.

We solicit prayer and financial assistance for the children. Join hands with us to lift this wonderful children to faith, freedom and dignity in Christ.
