

Cornerstone Academy

November 2018

Dear All,

Thank you for your continual support and prayers for the Cornerstone Academy Second Campus at Pallel (Cherith Foundation).

I am to inform you all that as we are to shift (moving the entire student body) to this property of our own for the next year's session from Feb.2019, the need for more rooms compels us to cast another slab/first floor(adding a second floor), which is undergoing now as I draft this mail. The ground floor is ready for a finishing touch which will be dedicated, God willing on 7th Dec. when brother Bob is here.

May I also make it known that as there is pressing need for funds, it would be good to make it available by the first week of December. After exhaustion of what was sent, we are now taking a loan and continuing the work.

In Christ
Thangboi and team
