

CORNERSTONE ACADEMY
MANIPUR INDIA

December 3, 2018

Dear Friend of Thangboi and Kimsi Haokip and the Children of Northeast India,

Tomorrow, I depart for NE India's Manipur state (on the border with Myanmar) to meet with **Thangboi** and **Kimsi Haokip** who championed the vision of Cornerstone Academy over 9 years ago when he was a US State Department-funded International Education Leadership Fellow at the University of Minnesota. It will be a joy to visit both school sites in Sugnu and Pallel (the enclosed photo is from the site in Pallel).

In the years since then, Thangboi and Kimsi have stepped out in confident faith and trust in Christ as they have developed the school. And, as you already know, that Christian school that places Jesus Christ at the very heart of K-12 education enrolls 477 children at two different locations. In fact, Christ is so central, that midway during the school year, all the students depart for a two-day spiritual retreat where they are challenged to become followers of Jesus Christ.

On behalf of our committee that has labored for all these years to raise funds and support this wonderful school, I want to thank you and ask once again for your continued support for the effort. Your tax-deductible dollars are needed to help pay already-low teacher salaries and to complete a badly-needed new school building at the overflowing Pallel campus.

Our US-based committee invites you to continue supporting the work of Cornerstone Academy of Manipur. Remember to make your gift to "Global Horizons" and put "Cornerstone Academy" on the note.

With gratitude in Christ Jesus,

Dr. Bob Osburn

For the Cornerstone Academy US Committee (Rev. Joel Lawrence, Mark Stage, Donna Smith, Ruth Hopkins, John and Barb Anderson)

PS. Remember: Your gift helps poor Indian children discover the wonders of God's world as well as the richness of His Word! Imagine how your gift will help small children learn to follow Christ with heart, soul and mind.
