Dear Friends and Donors,

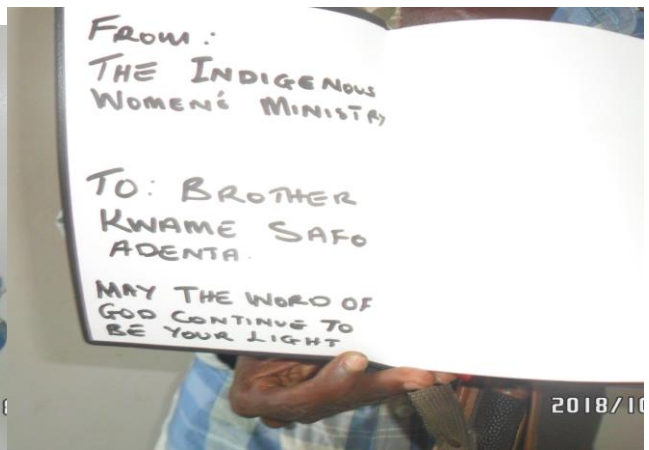

Soon the year is coming to an end and we thank God for His mercies and goodness guiding and protecting us from the beginning of the year till date, we know he will take us into 2019. It is our prayer that this season will be a season filled with peace and ---- to each one of you.

The Indigenous Women's Ministry is known for giving out vernacular bibles to especially women and others who knows about the ministry and request for bibles. Some show us their torn bibles and as long as we have Bibles in stock we donate one to them.

This is Mary, a cleaner and she heard that we give out bibles and she kept on asking and pleading for one vernacular bible. The ministry had run short of bibles and I got tired of her persistence so I purchased one for her. She reads Asante-Twi. This we see and hear every day and that is why the ministries' main focus is to give vernacular Bibles to those who may not be able to afford.

This is Kwame in the picture below. This man excited when he got an Asante Twi Bible. He is a newspaper vendor and got to know of our Bible project. He said "I cannot read the Twi but please give one and I will look for someone to teach me to read. God will also teach me to read since I want to read and know His word". He also requested for some financial assistance.

Kwame showing off his Bible with his name in it. We normally write names in the Bibles before we give them out.

You are the reason why we can give out Bibles to those who do not have and also replace torn ones. Some pastors request for study bibles to aid them in their work.

We are once again appealing to you to support the ministry with funds. Funds raised will be used to purchase Study bibles for those who lead bible study give help some women groups to learn a skill and donate some cash to some needy women to help make their lives better.

Thank you for being the force behind this ministry. Without your donations we would not be able to give out bibles, travel to places to teach and preach. Without your donations and prayers we couldn't have done it without you.

Thank you so very much for your support untiring support for the Indigenous Women's Ministry which is committed to giving out bibles, and giving skills to some women.

You are making dreams come true. This year 2018 we have been able to give a skill in soap making, bleach making and powder making to about thirty-five 35 women of the Divine Church of Jesus. With your additional support, the project will be established as an income generating project for the women in the church and community.

Because of you Joseph Banahene, Mary Anudzo, Theresah and the rest of the team are making impact in their respective ministry areas and serving their communities.

This is Prophetess Theresah Appah, one of the executive members of the ministry. She found out about little Phillipa and is assisting in taking care of her. She is also taking care of little MaaAbena who is six

years old. Our prayer is get assistance for these two girls Theresah is assisting in her own small way.

You are the reason the Indigenous Women's Ministry is able to teach, give out bibles, and little financial supports to the needy. We can do so much more because of you. Thank you for your support.

Because of you Rebecca and Hannah each got sewing machines, finished their apprenticeship in sewing and are now working as seamstresses. Because of you Rebecca can take care of her daughter Abigail.

Without you we couldn't have assisted Mary, Christiana Akpe and Comfort Banahene to pay for their medication.

The bible giving project is very dear to the heart of each member of the committee because it gives those who receive it the opportunity to read the word of God for themselves in the language they understand. Our Ministry seeks to transform lives through the word of God and an income generating skill.
