Christian Brotherhood Church

Dear Friends,

Greetings to you all, and praise the Lord for this first letter in the New Year. We trust you are all doing well as we are here in Juba.

On the 12th of January I installed a new Bishop as the new Presiding Bishop of Christian Brotherhood Church, and also consecrated a Reverend as the new Bishop for Juba Diocese.

On this day I also handed over the administration of CBC to the new Bishop. Then on the 18th of January, I and the Bishop took a trip to a town, north of Juba an hour and a half by plane. Though I had handed the administration of the church to someone else, yet the work of the Lord continues. As long as the Lord grants good health and strength there is much to do here for the Lord.

We went to the town to open a CBC church there. At this town we baptized 25 new believers and ordained three Deacons for the church, returning home on the 28th. This trip was an eye opener to us. Surely the "harvest is plenteous".

After our return home, the chiefs from another State, in the west, heard of our visit and sent word to the Deacons that they need a church in their State to teach their people the word of God. So one of the Deacons, went to open work there. We thank God for this opportunity to minister.

#### PRAYER REQUESTS

1. Pray for me as I have more opportunities for now that the Lord may use me in outreach and church planting ministry.
2. Pray for good health both for me and Tabita.
3. Pray for the Deacon as he heads up the new work north of Juba.
4. Pray for the newly baptized believers so that they can grow in their faith so that they can become witnesses to their people.

#### PRAISE ITEMS

1. Praise the Lord for opening the door for Ministry in the new areas.
2. Praise the Lord for the open hearts and thirst for the Lord.
3. Praise the Lord for the relative peace in the country so that we can use it for outreach church planting.

God willing, I shall send you photos of our ministry trip.  
Thanks for your prayers and be blessed.

Nikolao
