EKKLESIA FOUNDATION SCHOLARSHIP SUPPORT PROGRAM FOR VULNERABLE STUDENTS: (STUDENT EVALUATION MONTH)

Through our ongoing support program for vulnerable and needy female students, twice every year we conduct visitations in their different institutions. The goal is to assess and evaluate their progress in academics as well as ensuring a support system for their social well being, guidance and counselling.

We are happy to report our students are doing well and are on the path to living purposeful lives. Education is not only the door way out from vulnerability and abject poverty for most of this girls/women but also the beginning of a healing process for survivors of sexual and gender based violence. Education has brought hope and smiles back to their faces and we are blessed to be able to support them. This is a major milestone in this project having been able to support over 25 female students. We feel honored to share with you a few moments we had during our visits.
