

The Story of Opse Bdane

## OPSE BDANE

**Opse wants to draw others to Christ.**

It has been one year since Opse Bdane became a believer.

She first learned about Christ on television. Soon after, she moved to a small village and joined the local church.

Opse received a Talking Bible and began to listen. She shared it with her family. Her husband and four children became believers after listening to the Talking Bible.

**Since she cannot read, she listens to the Talking Bible as often as she can.** She says, *“I now understand how Jesus is LORD. He is alive and is the ONE WAY.”*

When asked what has changed after hearing the Talking Bible, her excitement grew. Bouncing her folded hands up and down in her lap, she says, *“After hearing the Bible, I love Christ Jesus and God more and more. I have love in my heart to live forever with HIM.”*

**She also wants to draw others to Christ.** Her bright smile lights up the room as she says, *“I am hoping and believing many will come to Christ through listening to God’s Word.”* Her love and enthusiasm are contagious!

Your gift will allow new believers like Opse share God's love and teachings with those around them. What an incredible blessing!

**Here is a picture of Opse's church.** *She and other church members regularly use the Talking Bible to reach out to their neighbors and are eager to share the Gospel with them.*
