

*...as well as the snow we asked you to pray....  
Sending love and very merry Christmas blessings to all of you.*

We've played in the snow, baked cookies and are excited to  
celebrate Jesus.

Thank you, for praying for us.

We also pray for you and your families this Christmas!

#### *Praises*

- It Snowed, and it is supposed to snow for Christmas here! Thank you, Jesus. It helped everyone so much after years of hardly any snow.
- Unity in our community as we connect and pray together individually!
- God has been so faithful to allow us to build community with some of the new staff members.
- Still no infections so far!

### ***Prayer Requests***

- A reflective and peaceful Christmas as we are in a strict lockdown and are meeting with those here.
- Against loneliness and fear as many can not travel to see their families and safety for those who are able to travel.
- Snow! Pray for more snow as it so boosts our joy and we can hang out with people outdoors.
- New Years celebrations in small circles that are meaningful and encouraging.

***Year end donations are greatly appreciated.  
Thank you, for supporting our Ministry!***
