

February 24th, 2021

Dear Friends,

Greetings to you all.

I am back from two weeks' visit with my younger sister in refuge in Uganda. It was a good change for me as it is cooler there. I visited many other refugees as well and worshipped with them in their churches.

Back in Juba Corona virus has come back in the second wave with vengeance. There are many infections and deaths. We are under the care of God and trust Him to see us through.

I tried to write to you three times but each time my mail did not go through. Network connection problem perhaps. I trust this goes through. I am behind with my mail.

Blessings.

Nikolao.
