

Fire Damage at YCT Mission Center  
March 12, 2021

Friends with a heart for mission work,

We hope you are all doing well.

Today seemed just like other days of the week at first, but to our shock it was not so because from a few shanties close to our building a fire started, moving so fast, burning other shanties and affecting our mission work building, Youngster for Christ Team Center, where souls are reached and disciplined for Christ Jesus' great commission. Also some of our benches were destroyed in the fire.

1. Please pray with our Kenya mission, so we may continue to stand firm in the work of the great commission.
2. We are appealing for your hand of love to help us rebuild the place where hearts of so many that live in the slums are being touched with the good new of Jesus Christ...
3. Pray for Sammy Njiru (Pastor) the mission team leader, to remain focused in this season of so many challenges.

We invite your prayers and loving support in rebuilding Gods house in the Slum of Kibera,,, Please, we humbly request that you don't ignore this need.. We are seeking your hand of help to build back... Please share this need where you are able!

God bless.  
Shalom
