Summer Fun At Adulam

While Juárez continues to feel the effects of the COVID-19 pandemic, the summer has allowed us to find opportunities for the kids at Adulam to "get out of the house" just a bit. We are so grateful for recent connections with local supporters who have invited the children on outings to museums, zoos, pools, and more. After a full year of school conducted from home, these opportunities have helped life feel slightly closer to normal during these uncertain times.

ADULAM AT THE DENTIST

Many children who live at the Adulam Children's Home have had little or no dental care before they arrive. Several months ago, 11-year-old Rafa was in need of a series of dental procedures due to several infections. As a ministry, we searched for connections that might help us provide for Rafa's dental care. Through the grace of God and the generosity of a local dentist, not only was Rafa able to receive his needed treatments, but now each child at the children's home has visited the dentist for routine cleanings and other care as necessary. We are so grateful for the opportunity to provide for this important need.

Pray for Adulam

- The US-Mexico border remains closed to non-US citizens and residents, which makes our family's binational life tricky. Pray that we would continue to navigate our current reality with patience and grace.
- We are beginning to prepare for our Christmas mission trip as we would in a non-pandemic year. Pray for the general health situation in Mexico and for wisdom as we make decisions moving forward with the trip.
- The extended time at home over the past 15 months meant we needed to hire a few more staff to help with homework and other needs. Pray that we would work out the finances to continue to pay our staff for the vital work they contribute to the ministry.
