Greetings from Ghana.

Greetings to the Global Horizons Team in the matchless name of our Lord and Savior Jesus Christ.

2020 was a challenging year but the Lord saw us through. The Ministry has been blessed with a wonderful and committed team: Joseph, Ebenezer, Jennifer, Georgina, Thersah, Naomi and Esther.

We are grateful for all your gifts and donations. We would not have been able to do all the ministry things without your support. Our partnership has been used to strengthen the faith of the 10 under-resourced communities.

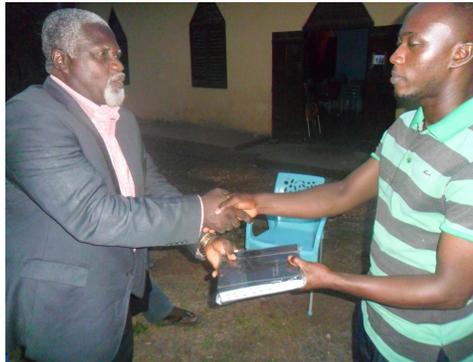

This group photo shows some of the members of the team from right to left: Ebenezer, Georgina, Esther, and Joseph. The rest could not make it to our first meeting this year. We hope we will have a full team next time. Each member took their boxes of bibles to their destinations for distribution. Together we are giving out a little over one hundred bibles in total.

Bible Project

Joshua is a young man zealous for the young people. For two years he has been asking for a King James version of the Bible. Joshua is a schoolteacher and a youth leader. Early this year the ministry received a donation for the purchase of bibles etc. We specifically bought several English Bibles for young people in addition to our usual vernacular Bibles. Joshua got the Bible

he has been praying for. Joseph presented the Bible to him after our meeting in February. Many other young people are asking for English Bibles. We have donated thirty to youth and young adults.

Between January and May 2021 the ministry has given out over 70 bibles to churches and individuals. Team members get requests for bibles at every gathering including funerals. We are grateful to God and we thank our donors for this great support. People are hungry for the word of God. Some receive the bibles with tears, some do not believe they are getting their own bibles. Pastor Stephen of Alikope remarked “this is the most precious gift I have received this year.” Please continue to give towards our bible project.

Bible Study: We have weekly Bible Studies that are growing, proving again how eager these communities are to know Jesus better. On Monday, the focus is Christian maturity, and the Tuesday study is reserved just for women. On Sunday evening, the young people meet, and we use the English bibles. And we have invitations from three more churches to teach at other places. We rejoice at how each team member is being used by God, especially Joseph and Ebenezer.

Skill Training - The ministry paid for five women and one man to be trained in beadwork, soap making and pastries. They attended classes twice a week for eight weeks. This man and these women will use these skills to earn a living. Some of these will serve as resource persons to train other women. Below are some of their photos.

Pictured are the six graduates who completed their skills training. Their handy works are displayed on the tables.

COVID Relief – Requests were made to the ministry for COVID relief items. The committee met and discussed all the requests. We agreed that the churches needed protective equipment so we selected ten that we could serve. Each church got one veronica bucket, two rolls of paper towels, a five-liter jug of liquid soap, a bottle of hand sanitizer, a trash basket, and another basket to hold the towels and soap, a bowl for wastewater and boxes of disposable face masks. It is our hope and prayer that the ministry will be able to continue to supply these items to ten smaller churches. We presented items to four churches in a small town. Below are the items for the four churches (Zion Life, Glorious Assembly, Divine Healers and CAC) in Fiakonya. They were excited as most were not wearing masks.

Esther presenting items for four churches to Pas. Daniel, Zion Life Prayer Center

Esther and Georgina with covid items to Pastor Stephen of Heaven Worship Center

Clothing Drive Between January and March, the ministry had two drives. Many people are aware of this ministry so they donate to the Ministry clothes that they may not need. We go round to pick them, sort, clean and distribute. Ebenezer, pictured here, has so much passion for the destitute, the poor and for lost souls.

People eagerly picking what they can use.

Ebenezer is the man in the orange and gray top.

We have a lot of clothes to distribute but the roads to those areas are very bad. We are unable to fix the Hundai Galloper which is good for the bad roads. We spend a lot of money traveling since we do not have a moving vehicle. Above is the vehicle that took the clothes to Aplapon. The Hundai Galloper is old, but it is strong for the bad roads, and we want to fix it.

Praise Reports:

- Thank God for taking care of us during the pandemic.
- Thank God for the life of Rebecca. She is a single mother whom the Ministry supported with a sewing machine and accessories to learn sewing so she can take care of herself and her daughter. Items are occasionally donated to her. God blessed her with a husband. She got married in May and now has a new home. Her husband has adopted her daughter.
- The health of Comfort Banahene. She is improving, and we continue to pray for full recovery.
- Pastor Veronica Areba had a major surgery. We thank God that the surgery was successful.
- Pastor Naomi Ntow was involved in a near fatal car accident. The vehicle somersaulted twice but God saved Naomi's life.
- Thank God for good health, guidance, and protection for each person involved at the roots of this ministry. Ebenezer, Joseph, Jennifer, Theresah, Naomi, Geogina, and Esther. Bishop Jonathan and Rev Elijah are still involved in many ways. We thank God for these great men behind us.
- We thank God for our donors, and we pray God's blessings on all our donors.

MINISTRY NEEDS:

URGENT Need: Vehicle (Hundai Galloper) - The vehicle has served the ministry well for many years, because it is a strong vehicle. We need to replace the shocks and do some work under the vehicle and on the engine. We need welders to work on the metal body of the vehicle and spraying. This will enable the ministry to have a stable vehicle. We need \$2,300 to fix it. Until this money is raised, we use too much money on transportation. Please consider giving a gift to this need as soon as possible.

Financial Support – “Due to changes in employment since Covid, our team members need financial support. Please consider investing in our work among those who are spiritually hungry and need clothing, supplies, etc.

Bibles – We thank God for the gift of Bibles. And we need more bibles to give out to those in need, please prayerfully consider donating for this specific need.

Projects - We need continued support for literacy and skills training. Please pray for resource persons to be available.

Film Ministry – This ministry is in need of a lightly used laptop and a projector. The ministry would be glad if someone can donate one to us. This equipment will enhance the work of the ministry.

PRAYER POINTS

- Pray for the team for God’s protection, as we travel and honor invites to ministry.
- Pray for our donors and partners.
- Pray for funds to purchase Bibles, for motivation for skill and literacy training, for traveling expenses, for equipment and for fixing the vehicle.
- Pray for continued ministry opportunities and resources.
- Pray for God’s providence for the poor and needy.

To donate to help our ministry with any of the above mentioned needs, please visit the Global Horizons website at www.globalhz.org
