

October 2018

Dear Friends,

Greetings in Jesus Name trusting that you are all well, though we have not heard from any of you recently. We are well here in Juba after our return from the country side two weeks ago.

I and Tabita went to the country side to pay our condolences to our relatives in two cities where we lost a relative at each place. Sunday 14th found us at the Uganda/South Sudan border. So we crossed over to Uganda to worship at the CBC church just on the border. This church was planted some years back by Tabita and three other women from Juba when they went there for evangelism.

I preached at the service and after service we were served lunch and then crossed back. Pray for the church because it is situated in a flood prone area. Every year they are disturbed by floods when the nearby river bursts its banks and overflows.

The picture is of Tabita and Bishop seated under a mango tree waiting for lunch.

Blessings to you all.

Nikolao.
