Dear Friends,

Greetings to you all in Jesus' Name, trusting that you are doing well as we are here in Juba. Two weeks ago we were invited by our neighbor to attend the traditional wedding of their daughter. After the meal, we all went to the open space for the celebrations. I was asked to open the occasion with prayer. Then the celebrations began with speeches from the side of the bride and groom, friends and relatives. It was a very colorful occasion. Both the bride and groom are medical doctors.

The first picture is of the groom's family dancing, clad in yellow traditional dresses, and bride's family dancing head gears and Shields and Spears or sticks. The 2nd picture is women in traditional dresses.

Blessings.

Nikolao & Tabita Vuni.
