Dear Friends,

Praise the Lord!

In the last two weeks I and Tabita have not been well. I experience pain at the back of my neck. Tabita has the knee and joints pain. Last night she did not sleep well pain on the right-hand side of her chest. We are planning to go to the hospital.

On the happier side of the story, last Saturday we had a wedding of two members of CBC at one of the churches. I preached at the service and the Bishop presided over the ceremony. It was a blessed day. After the service, the tribe of the bride performed a tribal dance. Attached are some of the photos.

Blessings.
