Greetings from Ghana GHI Team,

A few days from today will be Thanksgiving. We are Christians and the practice of thanks giving should be every moment of our lives.

The day should not begin without us thanking God for life. When we go about our daily duties at home and at our business places, in the day we should remember to thank God. When our day ends and we decide to get some rest, we should remember to thank Him. We should celebrate the practice of thanksgiving at all times, continue to praise aloud His praise and telling of all His wonderful deeds (Ps.26:7). Let us always remember that we are not alone (Isa. 41:10)

I, on my behalf and on behalf of the Indigenous Women's Ministry's Team I want to express our profound gratitude to you for your partnership and support. I want you to know that my team and I are so thankful you and your family for your decision to support our ministry. the fact that we have one Father we are now family. We are grateful.

Our team is excited because you are the reason why we are able to reach out to many with vernacular bibles, protective equipment, and clothing. We would not have been able to touch these lives without your support. Thank you for your prayer and financial support.

Our ministry faces some challenges. Please bear us in your prayers as we look forward for our God to sail us through these challenges .Let us continue to pray for each other, our families and for our ministries and for Gods special protection and grace. May God Continue to guide us

Together in His Special Grace
