

## Greetings from Jesus Film Ministries

It is a joy to share with you what The Lord is doing out here in the field.

### Healing of the land

During the lockdowns due to covid-19, people came from the community to our open ground to pray. As prayer increased we noticed a corresponding change in the neighborhood. The adjacent land, which had all along been a bush got cultivated. Two workshops, wood and metal, got constructed and are now functional. A new building was built while two wasted buildings were repaired. A community leader voiced his approval of this, saying "...prayer will bring healing to our community" 2Chron. 7:14

### Help to those in need

Lockdowns have affected many people in Uganda especially those who depend on daily income. We continue to send financial help to those on the islands of Lake Victoria, in rural communities and SOS calls for help. Families, pastors, widows and many vulnerable people have testified that our donations were, to them, a response from The Lord.

Pastors and believers in Buvunga march to music by brass band to declare The Lord's victory

In photo below, a man hands over drugs after turning to The Lord

### Rejection of idolatry and worship of The Lord

Many people in Africa are bound by fear and worship of demons, and this is particularly strong in rural communities and Islands of Lake Victoria. We are called to bring people from demonic bondage to freedom in Christ. We believe that the gospel is the power of God that brings salvation to man (Rom 1:16). We bring the kingdom of God on earth by teaching and leading people in worshipping the True and Living God. Recently my family moved the remains of my late sister from her marital home to our home and her birthplace due to

landslides. Cultural beliefs require a lot of ceremonies and sacrifices to spirits in doing this and we faced high resistance. We rejected these and only prayed at the exhumation and reburial places to the shock and anger of many. We know and are glad that this sets a precedent that worship belongs to none other than The Lord our God.

### Christmas party and food basket

We plan to host churches on Buvuma islands to a Christmas party. This is to bring to them the joy of celebrating the birth of Jesus at such trying times which they are going through. We intend to send a food basket to those who are going through much need. Please pray with us in this direction.
