

December 2021

End of Year Report from the Botchways

Dear Friends and Partners in Ministry

Great is the Lord and greatly to be praised! Christmas is almost here, and as usual, the bells are ringing and we hear the loud music on our streets; especially we on this side of the world in Ghana. We are reminded of a God who so loved the world and gave his one and only Son to us. As a ministry, it's been a year of connecting and expanding our reach in a new and exciting ways. We have seen the impact and the difference we have made in Pastors and leaders' lives. We couldn't have done this without you. We appreciate every effort you have put in to bring us thus far. Friends, with so much potential and the excitement we have had this year, we look forward to greater ministry opportunities by raising effective leaders in the coming year. May God's favor be on you, favor that open doors that no man can shut.

MERRYCHRISTMAS!

This Christmas as you think of the people on your giving list, you might also consider adding **Enrich Leadership Network** on the list or you might consider a year- end gift to support our ministry of equipping, coaching and training of Pastors to become agents of change. By giving a tax-deductible donation before December 31, 2021 you will join us in making greater impact equipping more leaders in the coming year. God bless you for your obedience.
