

January 2022

Greetings through the loving and merciful name of Jesus Christ.

We thank God for the year 2022 for His loving kindness that has brought us this far, as a family (the Njiru's) and Kenyan mission youngsters for Christ's team we are forever grateful to have you as our friend and prayer partner.

With much in store and with the program of mission starting to build up with needful activities and outreaches. It's our hope and believe the Lord of the harvest will help us to bring many to His Kingdom and even to disciple people to be Christ-followers and agents of positive change. In the villages, in homes, in schools, and the entire community.

**Don't you have a saying, 'It's still four months until harvest'? I tell you, open your eyes and look at the fields! They are ripe for harvest. John 4:35**

Kibera is one of the largest slums in Africa with a population of over 1.3 million people and 70% of them are young people below 30 years. People living below the poverty level for this reason many have found themselves in places or companies of people doing harm to themselves their families and to society. Youngsters for Christ team has been involving in outreach missions to reach these people with a hope that is found through God's Word in our missions to schools and villages.
