

## Christian Brotherhood Church – March 2022

Dear Friends,

Praise the Lord!

I came to (a new city for Christian Brotherhood Church) on 5th of March and began open air evangelism on 10th, ending yesterday 12th March. On the first day 50 people accepted the Lord, followed by many others in the following two days. My purpose of coming to the city was to plant a branch of our church, CBC, here.

This happened today, Sunday. God touched the heart of a man to offer his place for us to temporarily worship God at his place. He has built a school for teaching music to interested young people. So today we launched the CBC church here.

Out of the many who accepted Jesus as their Savior, 25 women and children turned up for the service, together we were 28 in the service. It was a miracle!

The Lord has done it. Pray that this church may continue to grow, that the Lord may raise up someone among them to continue with the work when I return to Juba at the end of the month.

Attached are some pictures of the service, our Evangelist leading the singing, me preaching the word, the pastor praying for the sick, group photo after service, and a picture of the congregation during the service. Blessings.

Nikolao
