

July 2022 // World Share Updates

The 2nd Driven by Purpose Tour has officially hit the road! We'll be sharing updates and opportunities to get involved on the last Sunday of each month – be sure to add us to your contacts so you don't miss it.

THANK YOU – for your support and encouragement along the way. It can be difficult to say goodbye, but we feel incredibly blessed to have the opportunity to “Go” and make an impact across the country.

MISSION UPDATES

We left Minnesota after spending July 4th with family and friends and have made our way to Maine/New Hampshire, where we'll spend 3 weeks. It's been a busy season getting prepped for another tour, but we're off to an exciting start! [Here are the highlights from July:](#)

- We spent an evening serving at [The Nehemiah Project](#) - a homeless shelter serving men, women, and children in Northern Michigan. We did lawn work, shared a meal, joined them for worship, and delivered Impact Kits for the kids.

- At our stop along the route to Ohio, we met some lovely couples who, after visiting with them for a little while, invited us to share our testimony and mission at their church the next morning. It was an hour in the wrong direction for where we'd be heading, but exactly where we needed to go –and we did! We experienced an incredible welcome from Trinity United Church of Christ and we're grateful for their support of our mission!

- We're busy preparing for our first Summer Field Day of this tour - being held on August 6 in Merrimack, NH. We're partnering with another local non-profit, [Pay it Forward](#), to bring hope and fun to kids in need in this community!

STORIES FROM THE ROAD

We're enjoying visiting new places and getting to know the communities we're calling "home" while on the road! We love being able to explore these great places on our days off. This past month we got to visit Mackinaw Island, Lake Huron & Lake Michigan, Merrimack, NH - where Joe went to high school, and watched history come to life in Boston! We've been in 6 states in July and have enjoyed making many friends along the way.

HOW YOU CAN PRAY FOR US

- **Health** – we've been under the weather for a bit and seem to finally be on the other end of it. Pray for us to stay healthy and well.
- **Outreach** – pray that the Lord will open doors for the right opportunities to serve the communities we travel to over the next few months.
- **Travel** – we're in the Northeast. Driving is a bit different and campgrounds are tighter. Pray for God's protection as we travel.

MAKE AN IMPACT

- **Donate** – During this tour, we're producing 5,000 Impact Kits and hosting field days for underserved communities each month. **Just \$1 funds an Impact Kit!** 100% of your contribution goes to creating more Impact Kits and supplies/activities for the kids attending the monthly Field Day events.
- **Serve** – we encourage you to serve in your own community! Share your impact with us – we love to hear how kindness is catching on! Tag us on IG or FB [@worldshare.family](#).
