A. Current situation –

In Nepal, winter has begun and pollution as well. Kathmandu is full of dust and air pollution is increasing. This season is dry and polluted. Also, parliament election has just finished and now new government is in the making. Young and energetic leaders are elected in the parliament. We hope, things will get much better under the administration of the new government.

B. Church Ministry

Thanksgiving –

We celebrated thanksgiving service in November third week. It was wonderful time of bringing our gifts – offering in the church. In Nepal, this is a kind of new practice. These days churches have slowly begun to celebrate it.

Pre-Christmas Evangelism

We conducted five days pre-Christmas outreach and shared gospel to more than 300 people in three different areas. Mr. Bishal B K, a young man has accepted Christ as his savior. Praise God for his salvation.

Pre-Christmas children outreach

We could also organize a half day gospel program for the children from our community. More than 30 non believing children participated and enjoyed the program. Children like story, drawing, games and other activities. Also, through them we invite their parents to hear the gospel. It was wonderful time of sharing gospel to the children.

Carol outreach –

In Nepal, we sing carol going each houses of believers and they invite their non-believing friends from neighborhood. In carol also, we could preach Christ to more than 200 people.

Christmas Outreach 25th December

Christmas was public holiday this year in Nepal. So, it was an opportunity to share the Gospel of Jesus Christ to our neighbors. We invited more than 200 people from our near village. We had indoor games, funs, food, Gospel message – and dance as well. We praise God we take every opportunity to share our loving Father – and the love of His Son Jesus Christ.

Leadership Training

We could also conduct a Timothy Leadership Training from November 22 – 30. More than 16 pastors, elders and leaders got to be trained in Christian Stewardship and Overcoming Family Violence.

Full Life Training Center

We distributed two goats for the poor family. Now, they have something to work and produce for their income. Goats are not that much expensive in Nepal. And easy to tend goats. In Nepal, worldview of work is pessimistic. Therefore, we are introducing a biblical worldview of work. This mother now has some work.

This is our Full Life Training Center under construction. We use this building in the future for multiple purposes.

1. Church (worship center) – the goal is 300 people to be accommodated.
2. Retreat center –
3. Training on Biblical worldview and culture
4. Foster home –
5. Library for the community
