

Kibera, the largest slum in Africa, a slum that with over 1.4 million people living in deprivation. It is in this large and vast place that God has called the youngsters for the Christ team mission led by Sammy's vision and passion to bring a positive change by bringing hope to so many in the villages and communities through God's Word, through different activities and programs.

Many are unable to go to church on a Sunday due to being unassertive and involving themselves in ungodly lifestyles. Through our mission here in the Kibera slum, God has enabled us to be able to establish at least 18 home cell Bible groups in different villages and the attendance at minimum is 14 people. Meeting on Wednesday and Friday evenings. Through this, we have been able to see a lot of amazing togetherness of communities, singing praises together and studying God's Word together. This has brought a lot of transformation in people's lives and how they relate to one another. Also has been able to help especially young people to find a place where they can meet together and challenge each other about God's goodness.

We kindly ask you from where you are, to consider continuing to pray for youngsters for Christ's team. Would you also consider encouraging us monthly through an email that we can print and read to these home fellowships? Would you equip these home fellowships with enough Bibles to help in the growth of

their faith in God's Word? Can you imagine the smallest group sharing amongst themselves only 3 Bibles?
