

Most High Mission  
October 18. 2023

We salute in the matchless Name of our All Sufficient Lord, Jesus Christ.

We have a devastating disaster caused by spillage of excess water from our Volta Dam as a result of heavy rains.

Many people along the bank have been displaced and all their livelihood wiped away. The situation is dire.

Our Sikor EFC that I personally visited on Sunday, October 6, is situated along the bank. The following day we received the news of the community flooded by the spillage and were being evacuated to a nearby classroom.

MHM needs to respond to their cry for support with blankets, food, etc. We're able to raise GHS 2000 about \$200. Government relief is slow in coming. We need at least a \$ 1500 to help significantly.

We're appealing to you and friends to help support them.

Glory awaits,  
Jacob
