

October 2024

Just a very quick update.

We thank God we have arrived in Bangkok, Thailand early this morning. We praise God for a safe and smooth flight to Bangkok and the immigration officer in Bangkok did not even ask a single question why we're coming. So our immigration experience was not stressful at all.

We were warmly welcomed by our International Director Dr. Dennis Nordine and his wife Melody, together with our missionary colleagues Ptr. Jezreel and Carol Estrella and their son CJ.

We are now staying at the Santisuk Mission House, our temporary abode while processing for our non-immigrant visa and work permit.

More updates later on.
