

Youngsters For Christ Team
October 2024

Calvary greetings,

Suppose we say what we have achieved is by our knowledge, the truth would not be found in us because it is by the grace of God we are what we are and through Him we can do all things. Kenya mission, Youngsters for Christ team has been such a place we can confess and say that if it was not for God through His grace some of the mission programs and activities would not be possible.

Outreach Program:

As a mission, we have been emphasizing sharing the love of God through different programs and activities to bring hope even as we lead many to Christ.

Our community outreach program has been doing so much by going to villages and communities through door to door. They share the Gospel of Jesus Christ and at the same time help old, aged persons who are not in good condition. We have seen people responding to the Gospel of Jesus Christ with such zeal and team spirit.

Girls' Program:

We have been sensitizing the young girls in our community to stay pure and clean in terms of hygiene.

This is because the majority of girls due to the hardships they go through end up in harmful situations at a young age and some get sick while some commit suicide at a very young age. The movement through Youngsters for Christ includes group talks, short training courses, and helping them get involved to encourage others. We are glad to be used by God.

Children's Program:

We find so much joy in seeing young children that we minister here in Kenya for them being willing to share some of the stories about the things they see in their house, community, or their village. Some of what they share is so heartbreaking because a good percentage of these children do not have parents either one or both.

Our children's program team has continued to open up our arms to embrace them and make them feel loved. Even as a mission building center doors are always open for them to come in. This has been made possible through our feeding program for these children who go without food for a day or two. The team has emphasized teaching these children the ways of God through skits, memory verses, and coloring among others. We continue to believe they will grow up to be soldiers of the kingdom of Christ.

Join us in prayer:

- Kindly pray for our mission in Kenya especially the leaders and coordinators of our programs and activities for their for God.

- Trust God with us as we continue to share the Gospel of Jesus Christ through so much hardship.
- Please pray for God's provision towards the needs of children, the girls are in need of sanitary towels among other needs. Also, we are trusting God for stationary in support of our training and teachings.
- As a mission we are trusting God to raise funds for 38 NIV study Bibles each costing \$ 48 USD. For pastors who are in dire need, we believe in giving this tool to be used to teach others God's Word.

Thank you for your continued prayer for the Youngsters for Christ team. With deep gratitude from our hearts to you and your family we want to say thank you.

Shalom
Samuel **Njiru**
