

On February 10, I arrived in Phang Nga, a southern province of Thailand. Praise God for the safe travel.

Praise God for the hospitality of the people here and for the children who still remember me from my last visit.

Praise God for His ongoing work here at Santisuk Foundation, supporting youth and children from Sea Gypsy families by providing an after-school program from Monday to Wednesday, a cell worship service every Friday, Kids' Worship service every Saturday and other special activities.

Praise God for my cell discipleship group, who have also become my worship team. They are still new to it, but praise God for their hearts to serve.

House Visitation to Ply's home with P'Gong, a Thai missionary

Bible Study with the cell group, learning from the Gospel of Mark

Cell Discipleship Group

Prayer Requests

- Pray for the spiritual growth of Em and Ply, who are new believers and are preparing for their baptism, and for Kevin as I guide him in leading the cell group.
- Pray for the children as they continue to hear about Jesus Christ, that they will understand who He is. Also, pray for their parents, who come to drop off and pick up their children, that they will come to know and choose to follow Jesus Christ, too.
- Pray for our team here for strength and wisdom as we teach the children during the after-school program. Pray for my tutoring class this month as I also Thai language with the youth.
- Pray for our English Day Camp on March 7 at one of the schools here in Phang Nga. Pray that it will be successful and serve as an opportunity for the Gospel to be shared.

A Short Story

One Saturday afternoon, the two boys, Em and Ply, invited me to go fishing with their fishing rods at a nearby lake. As we fished, we noticed an old lady fishing as well. When she finally caught a fish, we felt happy for her. We later learned that she had been there for hours before catching even one. From that experience, I learned that fishing requires patience. Sometimes, you catch a fish right away, while other times, nothing happens at all. The same applies to being “fishers of men.” We need patience when sharing the Gospel because people do not always respond to faith immediately. Here in Thailand, it can take a year, two years, or even longer. Just as patience is important in fishing, it is also an important tool in bringing others to faith in Jesus Christ. Back to our fishing experience, we spent the whole afternoon without catching anything. However, we still went home happily because Em had received the Lord Jesus Christ just a couple of days before our trip.

Heart's Day

On February 14, we had a love month celebration at the Santisuk Center Foundation. Many children, youth and their parents came to attend and heard the message about the love of Jesus Christ.

Sunset Worship

It was a lovely afternoon filled with worship music along the seashore of Bangsak Beach, reaching the Thais in the area who had spent their holiday there.

Thank you for your ongoing prayers and generous financial support. Through your partnership, we are able to share the light and love of Jesus with the people of Thailand.
