

Youngsters for Christ Team – July 2025

We salute you from Kenya mission, Youngsters for Christ,

We find joy in the midst of so much as we continue to walk this journey of salvation each day, amidst challenges and hardships. As a country, Kenya, we continue to go through political unrest. This unrest is due to the citizens of the country being against the government and how it is being run. This has caused so many killings and bloodshed, 99% being young people between the ages of 16-27; with abduction, where the majority are not found yet, and those who are found are found dead.

As parents and leaders in the ministry, we are beyond broken, visiting mortuaries and hospitals, either shot in the head or with a bullet in their bodies. As a mission, we have been visiting the few that we know that have been affected directly, finding ways to be an encouragement to them. We sincerely request you to pray for Kenya.

Even with what is happening in our country, Kenya, as a mission, we continue to find reasons to go where people are through our programs and activities as we share the Word of God, even as we pray with families and communities. With a high number of young people in the villages and communities, as they seek employment, many end up finding themselves in bad groups, which has also affected the communities because of mugging, breaking in, early pregnancy, and much use of drugs.

As a team, we are trying to reach out to such as we build a strong friendship with these young people as we continue to share the Gospel with them. Yes, we have a good story

where, through God's power and grace, weekly, we find souls coming to Christ. Even as our team leaders and others do a follow-up to see them established in the faith. Please pray for us as the Kenya mission.

We wish to ask you to pray for Pastor Sammy for wisdom, even as he continues to take care of his family amid hardships and challenges, that protection, safety, and providence will see him through.

We are so grateful for you to be a part of what God is doing here, and your partnership means so much as it makes it possible for our programs to bring impact and hope to the communities.

Shalom
Samuel Njiru
