

September 2025 Newsletter

Calvary to you, our dear friend,

We trust and believe that so far, it is the Lord's grace. With great gratitude for this grace of God, He has been gracious enough to enable us to walk in faith, even as we trust Him in the midst of our challenges. The mission of Youngsters for Christ far and beyond is moving to places where others would not want to go because of the amazing call and the zeal that we have through the transformational Gospel of Jesus Christ. In our journey in the field of mission, we have continued seeing the brokenhearted, wounded souls, widows, and orphans in desperate need, communities rising against communities, girls unable to leave their homes due to embarrassment and shame, many being trapped by men against their will, and young men committing suicide. As a mission, God has graciously been using the Kenya mission, Youngsters for Christ, as a bridge of hope to these souls, where a good number of them have given their lives to Christ.

Our hearts are crying for this generation, even as we continue being willing to be used by God. As we share this information with you, we wish to welcome you to pray for the Kenya mission, Youngsters for Christ, for God's protection, for the unity of mind among the leaders for the mission, and for your hand of partnership to make this program bring more transformation to others as the Lord leads and speaks to your heart. More often, please, we would like to hear from you, drop us an email, or visit our website below.

Prayer points:

- Please pray that our country may remain peaceful, even as the nation starts to turn tribal due to the approaching election year.
- Please pray as we need 65 Study Bibles with each costing \$38 USD. These Bibles are for the village pastors and Home cell group leaders we were able to train.
- Please pray for our children's feeding outreach, which is facing challenges due to a lack of food we cook for them.
- Please pray for our girls' sanitary towel outreach.

Shalom

Samuel Njiru
