

*Seth and Fiona- D4D Mentors in Uganda*

Calvary greetings to you our dear partners!

It is such a pleasure to update you on what God has called us to do. In 2024, Mission Moving Mountains (Discipling for Development-D4D) Uganda became part of the Uganda Navigators. It has been a transition process since that time. And during this transition process, I got a privilege to attend a three day training called Boot-Camp

where I was able to learn ways of how to fundraise for the ministry God has called me to do, secondly I traveled to Kigali-Rwanda and participated in a conference called (Into Africa) IA-25 conference and a take-away for me was moving into the Faith Direction. We were supposed to travel together with my wife, but it wasn't possible due to finances.

Again during this transition, God has done great things in our local communities we work in. Our community development agents have been able to embrace this Discipling for Development approach whereby they have disciples who are exactly doing what we taught them (generations). These include church leaders from Northern part of Uganda and leaders chosen by people we work with in the greater Mbale local communities. I have seen God's transforming power in these both the church and wide communities we work in.

One of my disciples in the wider local community (Sibanga) called Simon Mugabi testified about the goodness of D4D. "Formally I wasn't concerned about home hygiene, whenever people would ask me why I have no pit latrine, I would respond to them that I fear a pit latrine and it's a taboo to use them in our clan and therefore, I just go to my nearby bush and do the job.

This even adds value to land! I give thanks to D4D lessons more especially to my discipler, Seth and his wife for showing me the right direction and the direction that is Wholistic.”

This is just one of the many testimonies. God’s transforming power is at work in the communities God has called us to be in. This discipleship is done each week thrice in the month. We directly walk alongside our disciples in this work God has called us to do. Matthew 28:19-20 & John 15:16 encourage us to continue raising up more whole-life disciple makers.

Brethren, like you have seen the need for the D4D service is really remarkable and we can’t do this without you.

Our prayer needs are as follows;

- ★ To get financial ministry partners to support the work God has called us to do.
- ★ To acquire a personal vehicle to run community activities at greater Mbale and also in the Northern part of Uganda
- ★ Continued passion of my disciples to expand the D4D work to neighboring communities.
- ★ Smooth adjustment to the new culture of the Navigators.
- ★ Start a new Youth program in the identified community of

Sibanga/Kimaluli- greater Mbale area.

To give to Seth and Fiona, kindly use this link to give and kindly label your giving as SETH and FIONA SOITA

<https://globalhz.org/navigators-uganda/>

Thank you for your generosity as we see this ministry move forward as the Lord has called us to do.

Yours sincerely,

**Seth and Fiona, D4D Mentors-Uganda**
