December 10, 2025

Dear friends of CMAF,

As we near the close of 2025, we take time to reflect on God's incredible faithfulness and steadfast love amid challenges and growth over the past 12 months. We also give thanks to God for YOU, faithful friends and partners of Children's Ministries Agape Farm. It's been another fruitful year – both physically and spiritually! Thank you for your investment.

Agape primary school continues to experience growth, with over 600 kids now attending. The feeding program has expanded to meet this growth, providing farm-sourced lunches to the students every Monday and Friday. This year's corn harvest was bountiful, and a tomato plantation was established to support the feeding program. Land has been cleared and ready for the 2026 farming season. As an added blessing, a government-sponsored program began this year which provides lunches for the kids on Tuesdays, Wednesdays and Thursdays. In all these ways, God has answered our prayers to provide daily food for the students, many of whom would otherwise go without regular meals. We praise God for His abundant provisions!

Building projects also continue, with progress being made in several areas. Foundations have been dug for the cafeteria and storehouse. Flooring was installed in the classrooms. New pump toilets were added for boys, staff, and head teachers. For improved security, solar lights were installed throughout the grounds, near school buildings and housing compounds. Recently, a local police officer, who is a friend of Diane's, offered her services for free and conducted a training at Agape for the staff security guards. Great feedback was received from the Agape staff who are eager to learn and build their skills through training.

A new children's program started this year at Agape that aims to instill moral values while also working on memorization. All students, ages pre-k to 7<sup>th</sup> grade are being taught the 10 Commandments and regularly recite them together. In addition, Agape staff provide special music training, including instrumental lessons to promote creativity and talent development. Local school authorities recently visited Agape Primary School for site observation. At the end of their visit, one of the leaders remarked to Diane about how impressed they were by the new program, stating that Agape Primary School will serve as a model for other schools in the area. What a wonderful testimony! God's light is on display!

As we look towards the New Year, we're excited to see how God will provide! We invite you to join us in prayer for the continued flourishing of Children's Ministries Agape Farm.

Some of our big dreams for 2026 include:

- Complete construction of cafeteria - \$14,500
- Complete construction of storehouse - \$2,000
- Continue 2x week feeding program for 600 students - \$600/month
- Purchase a motor bike for staff use - \$1,200
- Add a computer to the staff office - \$1,500
- Raise capital for establishing a fish farm in 2027 - \$4,000

Many good plans are underway, and we join the Psalmist in praying:

"Let the favor of the Lord our God be upon us;  
And confirm for us the work of our hands;  
Yes, confirm the work of our hands."  
Psalm 90:17

Will you consider financially supporting CMAF through a one-time gift or becoming a monthly sponsor? Every gift is appreciated and makes a difference in the lives of Agape's staff, teachers, 600+ students, their families and the surrounding community.

With gratitude for your partnership,

Diane Gorham and Children's Ministries Agape Farm Committee  
(Mike and Martha Port, Mark and Gayle Stage, Mary Stage)
