

Grace Children's Outreach Mission – December 2025

Greetings! The girl's rescue mission has been the most challenging one. The locals put up strong resistance, blocking and thwarting all the girls trying to access the rescue center. Many girls in the community are now aware of the center that they can take refuge and Many would wish to come there to escape female genital mutilation and early marriages that is forcefully done to them.

To help these girls, we had to open a temporary rescue center with the help of a friendly pastor on a different location. A church is being used to host the girls

Currently, a total of 321 girls have made to the center.

Pray with us for the current pressing needs as we temporarily host the girls, as we trust God for the way forward. The needs include food, beddings, clothes, sanitary supplies, and shoes. We are praying and seeking Godly families to help in hosting and educating the girls. Please pray with us.

To make a tax-deductible donation, through Global Horizons, our fiscal sponsor, visit: <https://globalhz.org/grace-childrens-outreach-mission>
