# Update from the Botchways February 2026

**Dear family and friends,**

The new year is here, and there is great anticipation of what God has in store for us. Last year, we reported on the opportunity God gave us to work with another district, but that door seemed to have been closed. Early this year, the leadership called us and invited us to a meeting to discuss the possibility of us organising a conference with them. Thank God, at long last, a conference has been scheduled for May of this year. Thank you for your prayers for God to turn things around.

When opportunities come, they present their own challenges too. This year, our budget has increased, and we are asking the Lord that through the generous giving of God's people, we will be able to reach our goal.

One area of particular concern is our vehicle. It has served us for five years since it was imported into Ghana. It has served us well, but now it's beginning to drain us financially. Please pray about how God will use you to be part of this miracle of provision.

In our next update, we will provide full information about our budget and how you can be a part of it. Thank you for your continuous support. May God's grace abound on you more and more.
