

Grace Children's Outreach Mission – February 2026 Update

Greetings!

We thank you for your continued support that is seeing us reach children in school, feed the hungry, rescue children from streets and harmful cultural practices, pay school fees for the necessities and supply girls with sanitary products. The greatest need being met is that of children coming to the saving knowledge of Jesus Christ, embracing Jesus Christ and willing to grow in faith. Due to the large numbers of children we are reaching, our needs keep growing. God has been faithful helping us to make one day at a time. We are asking you to pray with us in the following ways:

- Pray for good health among the volunteers and staff serving with us as well as for provision as many of them struggle to meet basic needs as they serve.

- Pray for the wide mission field God has given us.

- Thank God for all the children rescued from female genital mutilation and early marriages. Pray that they all will be able to attend school as it is their greatest desire.

- Pray for provision for our income-generating project to help and sustain more individuals.

-Pray for provision of food to the people of Northern Kenya, children's home, slums, and for the girls rescue center.

-Pray for our travels as we serve.

-Pray for more people to join us in the mission field.
