

A Brief Update Bishal Thapa

3/3/2026

Bishal Thapa has begun his work with three piglets. Thank you so much for your support. Your generosity has shaped and promoted biblical understanding of work.

We are delighted to update you that because of your generosity we could organize one full day training on 'Christian Stewardship.' Keshar, Pradip, Binita, Ravin, and Bishal took part in this intensive training. This manual speaks of dualism that we commonly shared in Nepali church. We emphasize spirit more, and we consider things that are invisible, spirit more than what we see, in visible. This gives us the tools and methods to make action plans and work on it. I praise this group and the spirit of the LORD that moved each one of us to see life in its totality.

As we are in the holy season, waiting for good Friday and Easter Sunday, we are planning to have open conversations with the leaders from the Sachhai Kendra Nepal group. Keshar, Pradip and I are working on it. We are going to invite a handful of leaders and teachers to listen to each other and invite gospel into conversation. Please join us in prayer.

Also, we are going to organize a liquid soap making training for twenty women (mostly housewives) so that they can save money by not buying wheels or dish washing power. They will also be able to produce more and sell it to earn money to support their family. It is to create work, a culture of work. More details are on the way. Would you please join us in prayer for all these efforts for Christ and His kingdom? May the honor and glory be to our LORD Jesus Christ. Amen.

Thank you once again for your gospel generosity.
