June-August ‘26

MISSION’S UPDATE

GOOD NEWS!

In my previous newsletter, we prayed for the spiritual growth of new believers, including Talay. Praise the Lord! Talay was baptized at midyear and has been actively involved in worship services and cell group as he continues to grow in his faith.

We also prayed for the youth and those who had not yet placed their faith in Christ. One answer to that prayer is Kwan Khao (“KK”), who accepted the Lord Jesus last month. She is now part of our youth cell group and continues to grow in her relationship with God.

SPORTS MINISTRY

Every month, we hold a Badminton Outreach where we invite our students to play, build friendships, and enjoy fellowship together. During this time, I also have the opportunity to share a short message about Jesus. Every Saturday and Sunday, we also host Pickleball , where students can play, connect with friends, and hear testimonies of how God is transforming lives.

ENGLISH MINISTRY

Our English ministry continues to be a great avenue for building relationships and sharing the Gospel. Praise the Lord for more than 100 students joining our classes each month this year! After class, we continue our “Lobby Ministry” where we spend time with students through conversations, games, and fellowship. This has become a meaningful place to build deeper relationships and create opportunities to share God’s love. Praise the Lord for our June session, where we held a special activity called “English for Fun.” Students from different classes gathered together to enjoy fun English activities, build friendships, and hear a message that I shared about God’s peace.

CELL GROUP

Every Sunday, we continue to gather for our cell group to worship, share about life and faith, encourage one another through testimonies, and pray together. We also continue inviting non-believing students and friends to experience Christian fellowship and learn more about Jesus.

DISCIPLESHIP

Guide, a friend I met during my ministry in Southern Thailand, recently moved to Bangkok to continue his university studies. This transition has opened a door for us to spend more time together through one-on-one discipleship, encouraging him as he grows in his faith and walks with Christ. Guide is also being equipped to use his gifts in ministry and is preparing to join our Music Team!

- **Pray for the 161 students in our August session.** Pray that the Lord will open their hearts to understand the Gospel, experience His love, and come to know Jesus personally.
- **Pray for the salvation of Ing, Fahsai, Cream and Erk** — who have been attending our cell group regularly. Pray that their hearts will be opened to the Gospel, and that they will not wait long but decide to put their faith in Him.
- **Pray for wisdom and strength** as I continue teaching English during this August session, leading sports activities, facilitating our youth cell group, and doing one-on-one discipleship with Guide.
- **Pray for our worship team as we begin to equip new members of the team**. I will be training **Timo**, one of our youth, to play the bass guitar. Pray that this time will not only develop his musical skills but also help him grow in his relationship with God.
