September 2026
Greetings, friend and fellow servant of God,

Kenya Mission, Youngsters for Christ, feels excited as we continue to embrace the "Go Ye into the World." With over 48 different tribes spread all over Kenya. We continue to find favor to share the Gospel with all the tribes through their different dialects. This has given us a great opportunity from January to today; God has graced us to lead over 240 different souls to God, who have joined village fellowships. Where other fellowships meet under a tree to not due to not having a meeting point. Your prayers and your gifts will help us establish more fellowships.

A church in need:

Please, I would invite you to see the pictures below of a church in a village in Ndia, in part of northern Kenya. A place where God led us to do a mission, where we connected with one village pastor, and after a week or so of being there, 19 souls came to Christ. Due to the need to grow in the Lord and fellowship together, they did not have a place to meet, so one village elder donated a place to build a church structure, as you can see in the images below. With the little we had, we bought iron sheets, and some villagers went to cut trees in the forest with crooked branches just to make the structure. As you read this, this church is in need of help to finish the structure. We need iron sheets to finish the structure, seats to sit on instead of the trees they sit on, as well as some windows, a door, and a blackboard to teach the Sunday school children. We are trusting God to raise $2600.

Influence the community through the children:

It is amazing how God has positioned children in the communities and society here in Kenya, because as a mission we have learned and have come to discover that they are the best age group to start working with. Teaching them God's Word at a younger age. Many of these children responded positively to getting involved in our program. This has really gone back to society to impact other children, where God's Word influences them. With such opportunities, we need you to join hands with us to make this possible for other communities and villages, bringing children to the feet of Christ.

Shalom
