Witnessing Christ crucified and resurrected times of suffering

"But you will receive power when the Holy Spirit has come upon you, and you will be my witnesses in Jerusalem and in all Judea and Samaria, and to the end of the earth." Act 1:8

The destruction is beyond our imagination in Rasuwa, Nuwakot and Trisuli due to the flash flood. One young woman was in Oman as a domestic worker while her husband was missing in the flood. Her husband used to work in a Hydropower which was completely swept away by the flash flood. His death body was found and handed over to two small daughters for the funeral. News was reported her, and after a few weeks she returned Nepal. Now, she is living in a temporary holding shelter with her two daughters. The flood swept away the house, little land, and husband. It is a huge lost. We were able visit her in the shelter and share the suffering Christ. It is because Christ has suffered and his suffering is a pattern for us in times of our suffering. She is moving forward with the plan, a plan of building a temporary house for three of them. Along with her, other sixteen families who share the same situation are planning building a temporary house and begin the life again. It is because Christ has resurrected and his resurrection is the pattern for us to have hope, and begin our life again. This was a message that I shared with people who are now suffering in Rasuwa, Nuwakot and Trisuli.

Your gospel generosity and prayer in the power of His Spirit worked in our hearts and in the life of a local church, Grace Community Church. we were able to serve and demonstrate hope through stationary items and two months' scholarships for more than Twenty-Four children. We appreciate your generous support and prayer.

Thank you, dear praying family and friends.
